

# 32" Full HD LED Professional Display

Convenience and Control for Hospitality Environments

CDE3200-L

The ViewSonic® CDE3200-L 32" commercial LED display is an ideal choice for hotels, restaurants, and other hospitality environments. This Full HD display has a glossy-finish, slim-bezel design with a glass stand, and comes with versatile HDMI (x3), VGA, Composite, YPbPr and RS-232 connectivity. With optimal brightness, a high contrast ratio, and fast 6.5ms response time, it delivers crisp images and superior color performance. Dual integrated 10W stereo speakers and SPDIF interface deliver quality sound – making this display a complete multimedia entertainment solution. An RS-232 control port with IR pass-through provides automated control for hospitality and commercial installations. HDMI® CEC pass-through support provides one-touch-play and other control features for multiple connected devices such as HD set-top-boxes, media players, and Blu-ray™ players. Also, a programmable hospitality menu allows for custom calibration of features such as channel defaults, audio levels, and power up—making the CDE3200-L ideal for use as in-room hotel televisions.

## 32" Full HD 1920x1080 Display Resolution

The CDE3200-L features Full HD 1920x1080 resolution to deliver superior pixel-by-pixel performance for a more realistic viewing experience. With Full HD resolution, experience greater image clarity and detail that bring high-definition TV programs, HD movies, and other multimedia content to life.

## Hospitality Mode for Automated Multi-screen Control

The CDE3200-L is great for multi-screen setups in hotels, restaurants, sports bars, or retail outlets that require automated control and customizable presets. With a programmable hospitality setting, each television can have the same customized channel default, audio level, front-panel lockout, and auto power-up settings.

## USB Multimedia Playback & Cloning

With the handy PC-less USB playback feature, photos and music can be immediately played and shared by plugging a USB drive into the display. In addition, the CDE3200-L includes USB cloning for easy duplication in multi-screen environments.

## IR Pass-through for Multi-device Control

The CDE3200-L features a RS-232 control port with IR pass-through to provide automated control for hospitality and commercial display installations. IR pass-through offers local control for set-top boxes or other connected devices, directly from the display's remote controller.

## HDMI CEC Delivers More Viewing Possibilities

With HDMI CEC functionality, remote controller signals can be transmitted via HDMI cable to connected HDMI devices. This enables out-of-sight DVD players, sound systems, and other devices to be directly controlled with the display's remote controller for a wider range of viewing possibilities.

CDE3200-L

## Versatile Input Connectivity

VGA, YPbPr, and USB inputs provide extreme flexibility, while 3 HDMI ports allow connection to HD set-top-boxes, media players, and Blu-ray players.

## Applications

- Hospitality / Entertainment display
- Business / Educational display – boardroom and classroom
- Digital signage – small to mid-size business
- Medical office and waiting room entertainment displays
- Hotel guest room entertainment
- Sports bar and restaurant entertainment displays
